

Mount Kenya University

OFFICE OF THE VICE-CHANCELLOR

NO MORE MISSING MARKS AT MKU

MKU prides itself on the quality of the market-driven programmes it offers, which leads to graduates who are highly sort-after by employers. As an institution, we are very selective in the recruitment of highly qualified members of staff who deliver high standard of teaching. It is, therefore, imperative that this is matched with the service to the students. One of the complaints that have been raised by students is the issue of "*missing marks*". The University is committed to ensure that this becomes a thing of the past. All students who sit examinations have up to two weeks after the release of the results, to enquire on any missing marks by completing the official form that can be accessed in the student portal through the following link: <https://studentportal.mku.ac.ke>

For historical missing marks, students are also requested to use the same form.

As you embark on your examinations, we wish you ALL THE BEST AND ENCOURAGE YOU TO BELIEVE IN YOUR ABILITY.

With best wishes

Prof. Deogratius JAGANYI
VICE-CHANCELLOR
